

Thomas Township Featured Business

Magical I Do's

Getting married and looking for a local vendor? Take a look at Magical I Do's! A local florist and rental company. Magical I Do's is a family business consisting of a mother daughter trio.

Magical I Do's offers a variety of wedding rental needs as well as fresh and silk flowers. Some of the items that can be rented include linens, backdrops, canopy's, up lights, ceiling drapery, mirrors and votives as well as vases and chandeliers! These items are just a few of the many products offered.

The company began when a family member was planning a wedding and they realized they were not receiving the service, products, or quality they desired and realized it was something they could do for themselves and in the short time the business has been running it has taken off. With proper education and training the trio managed to open up shop in a home front in 2016. After many wedding shows and a strong relationship built with other vendors and strong support from the community Magical I Do's has managed to open up their own storefront here in Thomas Township in February 2017.
