

## **Philatelic Appraisal**

If you are a “*philatelist*” then you are probably aware of what Philatelic Appraisal is all about. If not, to simply explain...stamps.

David Youngblade, in partnership with Frank Pulasky, founded Philatelic Appraisal in 1971. The business began in a store from 1978-1981 but they felt they could personalize their service by working out of the residence.

The business buys and sells postage stamps, give appraisals on them, as well as postcards. They also sell related material including supplies.

Philatelic Appraisal also sets up various stamp shows within Michigan.

Hours of operation are ***by appointment only***. These appointments can be set up for daytime, evenings or weekends.

Contact Mr. Youngblade to set-up your appointment at 989-781-2766.
