

Thomas Township Featured Business

Shields Comfort Care

Shields Comfort Care is one of the newer businesses here in Thomas Township. Shields Comfort Care began with their sister company Bavarian Comfort Care three years ago and as they noticed their demand for services increasing, they opened up a new facility right here in Thomas Township.

Shields Comfort Care offers not only assisted living but also memory care services for those in need. Shields Comfort Care has been a great addition to our Township, they have received an Honorable Mention Award for the 2016 Thomas Township Business of the Year Award. They were a close runner-up to the winner and should be proud of their outstanding business.

The 61 bed facility has a wonderful staff made up of 10 full time employees and 25 part time employees to take care of your loved one. The facility isn't quite done yet, they will also be expanding into Bangor Township as well.
